

# Ganesh Sharma

**Full Stack Developer | MERN Stack Developer | MCA Student**

Greater Noida, Uttar Pradesh | +91 93103 00627 | gansharma03@gmail.com | linkedin.com/in/ganesh-sharma564211253 | github.com/gansharm

## PROFESSIONAL SUMMARY

---

Full Stack Developer and MCA student with hands-on experience building responsive web applications using React.js, Node.js, Express.js, MongoDB, JavaScript, HTML, CSS and REST APIs. Skilled in authentication, API integration, deployment, Git/GitHub workflows and Salesforce development basics including Apex, SOQL, Flows and Administrator tasks. Seeking entry-level Full Stack Developer, MERN Stack Developer or React Developer roles.

## TECHNICAL SKILLS

---

**Programming Languages:** JavaScript, Java, Python, SQL, Apex

**Frontend:** React.js, HTML5, CSS3, Tailwind CSS, Bootstrap, Responsive Web Design

**Backend:** Node.js, Express.js, REST API Development, JWT Authentication, CORS

**Database:** MongoDB, MongoDB Atlas, SQL

**Tools and Platforms:** Git, GitHub, Render, Vercel, Android Studio, Eclipse, Salesforce Developer Tools

**Salesforce:** Apex, SOQL, Flows, Triggers, Lightning Basics, Administrator Tasks

## PROJECTS

---

### OSR Solutions Website

**Technologies:** React.js, Tailwind CSS, Framer Motion, Responsive UI | **Live:** <https://osrsolutions.in>

- Developed a professional business website with responsive pages, premium UI sections, product showcase, customer reviews, exhibition content and contact-focused navigation.
- Implemented modern animations, reusable React components and mobile-friendly layouts to improve user experience and brand presentation.

### Full Fledge E-Commerce Website

**Technologies:** React.js, Node.js, API Integration, JWT, CORS | **Live:** <https://frontend-3f67.vercel.app/>

- Designed and implemented an e-commerce website with product browsing, cart functionality, authentication flow, order management and admin-focused controls.
- Integrated frontend and backend APIs with secure request handling, CORS configuration and deploy-ready environment setup.

### Personal Portfolio Website

**Technologies:** React.js, Tailwind CSS, Framer Motion, React Icons | **Live:** <https://portfolio-ten-rose-ia30xttsj2.vercel.app/>

- Built a responsive portfolio website to showcase projects, skills, education, certifications, achievements, resume download and contact details.
- Created recruiter-friendly project cards with live demo links, technology badges and clean section navigation.

### Gym Website

**Technologies:** React.js, Node.js, Express.js, MongoDB Atlas, Render | **Live:** <https://gym-8wo1.onrender.com/##membership>

- Built a fitness website with membership plan selection, contact message form, newsletter signup and MongoDB Atlas data storage.
- Developed Express.js API routes for contacts, membership leads and subscribers, then deployed the full-stack application on Render.

## EXPERIENCE

---

### Salesforce Developer Trainee

Duration: 3 Months

- Completed Salesforce Developer Training Program and internship tasks with hands-on exposure to Apex, SOQL, Flows, Lightning Basics, Administrator concepts and Salesforce Developer Tools.
- Practiced platform automation, basic business logic, data queries and Salesforce configuration tasks.
